EU green week post

Activity description	Link: https://www.facebook.com/emphasyscentre/posts/pfbid0SWc5Lc3HyVdBXSR6VioCkTDi6Lo6tb6qhksmTgQsT3r3cHGd6YxawJrhv1ojyP3Fl EU Green Week is an annual opportunity for policymakers, leading environmentalists, and stakeholders from Europe and beyond to debate European environmental policy. The European Green Deal, the EU's sustainable and transformational growth strategy for a resource-efficient and climate-neutral Europe by 2050, is this year's main focus. On the 30th of May, the Green Week hybrid conference kicks off with a high-level discussion on what happens to EU environmental policy during times of crisis. The following three key aspects of the change will be highlighted during the conference. These are: circular economy, zero pollution, and biodiversity. Emphasys Centre supports this week by participating in the following EU projects: greenACT GREENWAVE EEP - Environmental Education Programme PARADIGM GENZ4GreenDeal Schools Go Green BALANCE Going Back To Green Future Energy Efficiency Expert STEAM3D Academy #EUGreenWeek 2022 #eugreenweek #gogreen #thereisnoplanetb #ka2 #erasmus #erasmusplus #emphasys #emphasyscentre

World Environment Day blog post

Activity description	Link: https://emphasyscentre.com/2022/06/05/world-environment-day/ ”In the universe are billions of galaxies, in our galaxy are billions of planets, but there is Only One Earth”. – UN Environment Programme (UNEP) People and wildlife are struggling to adapt to a changing climate; Habitat loss and other pressures have put an estimated 1 million species at risk of extinction; Pollution continues to pollute our air, land, and water. The only way to get out of this dilemma is to reform our economies and communities to make them more inclusive, fair, and environmentally conscious. We must make the transition from damaging to healing the world. The good news is that solutions and technology are available and becoming more affordable. The campaign for World Environment Day 2022 is called #OnlyOneEarth. It urges for worldwide collective, revolutionary action to honor, protect, and restore our planet. EmphasysCentresupports this day by participating in the following EU projects: • greenACT • GREENWAVE • EEP– Environmental Education Programme • PARADIGM • GENZ4GreenDeal • Schools Go Green • BALANCE • Going Back To Green Future • Energy Efficiency Expert • STEAM3D Academy *#OnlyOneEarth #worldenvironmentday #ka2 #erasmusplus #erasmus #emphasys #emphasyscentre*

Happy World Teachers' Day

Activity description	Link: https://emphasyscentre.com/2022/10/05/happy-world-teachers-day/ Happy World Teachers' Day World Teachers' Day is observed every year on October 5 and was launched by the United Nations Educational, Scientific and Cultural Organization (UNESCO) in 1994. This year marks the 28th anniversary of World Teachers' Day and the theme is **"The Transformation of Education Begins with Teachers"**. As the world is progressing rapidly, the mode of education has changed from conventional teaching to technical, skillful, professional, and virtual education. The United Nations (UNESCO) recommended this theme to honor the efforts made by those teachers during the COVID-19 pandemic. Emphasys Centre supports teachers' personal development by implementing the following projects: Di2learn We-R-Open STRANDS School starter Hub LEXIS Schools Go Green

The Schools Go Green hybrid C1 Training was completed successfully! blog post

Activity description	Link: https://emphasyscentre.com/2022/10/11/the-schools-go-green-hybrid-c1-training-was-completed-successfully/ The Schools Go Green hybrid C1 Training was completed successfully! The SchoolsGoGreen project aims to promote an environmentally-friendly mindset from a very young age by helping and supporting primary teachers and children to develop their knowledge and competencies on environmental issues. The training took place in hybrid form between the 3rd and 7th of October 2022 in Warsaw, Poland. During the 5-day training session, each partner conducted workshops related to the material they developed for teachers and students. Each workshop was followed by evaluation and discussion. **Workshop topics:** 1. Water Resources Protection & Management 2. Waste Management & Circular Economy 3. Energy Resources & Management 4. Sustainable Consumption & Production 5. Urban Sustainable Development 6. Ecosystems & Biodiversity Conservation 7. Climate Change A huge thank you to our coordinator Leibniz Universität Hannover (Germany), and to the rest of the partners EUROED (Romania), IOS-PIB (Poland), MARCA-ADL (Portugal), DANMAR (Poland) and Ellinogermaniki Agogi (Greece) for thegreat collaboration.
