PROJECT NUMBER: 2020-1-DE03-KA201-077258

Co-funded by the
Erasmus+ Programme
of the European Union

**The Schools Go Green project ends in March 2023 and we are happy to present our final results!**

1) **Go Green Raport -** The partners developed a Green Peer Review Report which presents the current scene of green strategies-policies and school practices in each partner country. The benchmarks for the Green Competence Framework have been defined in order to specify the green skills, knowledge and attitudes that primary school children need to acquire. Green Data Bank was developed which include essential information, tools and other resources to support teachers' awareness.

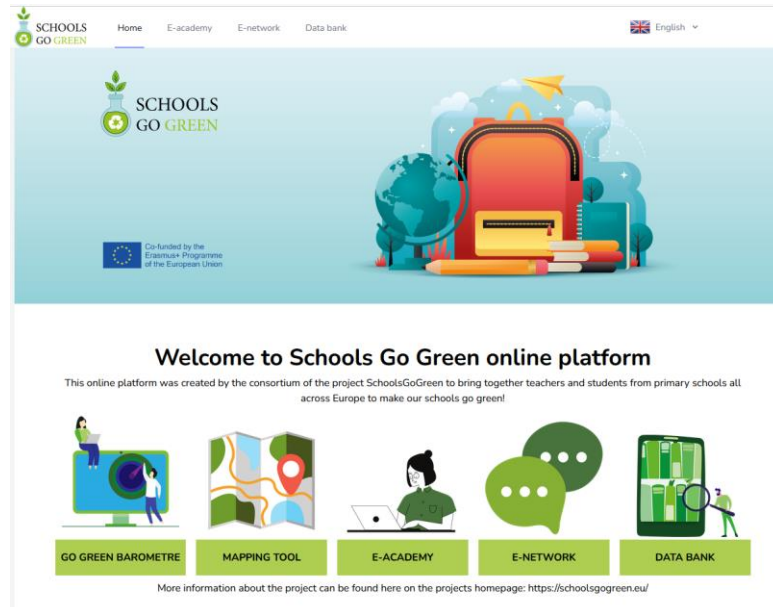

Modules of the Schools Go Green Educational Pack, corresponding Learning Objectives and general Learning Goals
